PADUCAH KENTUCKY, SATURDAY EVENING, AUGUST 26, 1905.

10 CENTS PER WEEK

WITTE PESSIMISTIC OVER THE OUTCOME

This Afternoon it Seems There is Little
Prospect of Peace.

RUSSIA IS PESSIMISTIC.

Portsmouth, N. H., Aug. 26.—M. Witte said this afternoon, "All depends on Japan, and whether she is willing to make concessions. We do not anticipate a favorable result from today's meeting, and are ready and anxious to get away."

Sato, the Japanese spokesman, when informed of Witte's statement, said with a smile:

"All right we can act accordingly."

It is feared in some quarters that Russia is pushing the Japs too far. Japan may call Russia's bluff by ordering a breaking off of negotiations.

Another Hope of Peace.

St. Petersburg, Aug. 26.—According to information coming from a meeting of the Imperial family, the Associated Press learns that a dispatch was sent Witte yesterday which is considered at Petersburg as offering a decided hope of peace. The St. Petersburg correspondent, reporting the arrival of an "eagerly expected dispatch," quotes Witte as saying his endeavor to influence St. Petersburg was more successful than he expected. The correspondent adds there is ground for hope, as an agreement in principle has been reached and the question now hinges on the amount of the sum.

Eagerly Awaited in Petersburg.

St. Petersburg, Aug. 26.—Every body in St. Petersburg is awaiting developments of today (Saturday) in the peace move and hoping a compromise is being effected, the most likely basis of which, it is believed, would be no indemnity but a payment for Sakhalin to be left for future adjustment.

In fact it was asserted yesterday in an exceptionally well informed quarter that this was the only possible basis for compromise.

The idea that President Roosevelt might again communicate with the emperor through the American ambassador finds credence in official quarters. Exchange of telegrams between Portsmouth and the foreign office continues, but the nature of these dispatches is a carefully guarded secret. It can be asserted, however, on the best authority that any suggestion to Russia from any source whatever that the assent to payment of indemnity would be most unwelcome, though a sincere desire for peace leaves her open for suggestion of compromise on other grounds.

President Roosevelt Active.

Oyster Bay, Aug. 26.—Two emperors, one at St. Petersburg, the other at Tokio, are the determining factors in the pending peace negotiations. Although negotiations temporarily are suspended at Portsmouth they are proceeding actively through President Roosevelt here. He is in practically constant communication with St. Petersburg and the Tokio governments. By both of the warring nations his good offices have been

sought and his efforts to bring their plenipotentiaries in accord and thus prevent failure of the conference are unrelenting.

Early in the day the president had an extended conference with Baron Kumeke, the recognized confidential agent of the Japanese government in this country. Neither the president nor Kumeke would discuss the nature of the interview.

An Optimistic View.

St. Petersburg, Aug. 26.—A statement made today at the foreign office of the government entirely agrees with the opinion expressed by M. Witte in a telegram to the czar that a compromise should be offered Japan. It is believed that Japan would accept such an offer as is proposed. The only question now is whether Japan will reduce her demand for non-repayment, sufficiently to meet Russia's views of what she ought to pay. The opinion prevails that peace will be concluded.

Was Partially Responsive.

Portsmouth, N. H., Aug. 26.—The Associated Press is permitted to announce that Emperor Nicholas' answer to President Roosevelt's latest appeal was partially responsive.

May Get a Pardon.

Sheriff Dave Reeves and Mr. Monroe Collins, of Henton, were in the city yesterday afternoon to see Gov. Beckham regarding a pardon for Jesse Collins, the nineteen-year-old son of Mr. Monroe Collins, sentenced to one year in the penitentiary in the Marshall circuit court for false swearing. Judge Reed suspended the judgment for 60 days pending an appeal. The chief executive agreed to take up the matter later.

Three War in Indiana.

Vincennes, Ind., Aug. 26.—As the result of a race war at Carlisle, the negro Baptist church was destroyed by dynamite, which was placed under the altar. Bloodhounds have been put on the trail of the dynamiters. Threats are being made that if any arrests are made every negro in the town will be driven out.

To Pay Cuban Claims.

Havana, Aug. 26.—President Palma has approved the bill providing for the payment of the remaining revolutionary soldiers' claims. The original amount of these claims was sixty millions, half provided for by an issuance of thirty-five million dollar bonds.

Another Libel Filed.

Deputy U. S. Marshal Geo. Saunders arrived from Mayfield at noon and this afternoon served additional libel papers on the steamer Charleston for a debt of \$17.50 alleged to be due Charles Hayden, an engineer.

The best way to keep his day is to do his deeds.

A Ten Million Dollar Bridge Talked of For Railroads at Cairo, Illinois

Cairo, Ill., Aug. 26.—According to authenticated reports which have reached this city, the greatest of all the bridges which span the mighty Father of Waters will be built at this place, at a cost now estimated at \$10,000,000.

It will be a giant steel structure, and will be possibly the longest bridge in the world, crossing the Mississippi twice, and extending from the levee back of Cairo across the river to the Missouri point, from which a spur will be built running back to Hards Point, and then on across the Mississippi again to a point on the Kentucky shore just below the town of Wickliffe.

The leading influence behind the gigantic enterprise is the new Cairo-Wickliffe, Mayfield and Norfolk railroad, and the authority for this publication comes from no less a personage than General Manager Delano, of that road. At the same time, all other roads running into Cairo are or

will be interested and according to Mr. Delano a terminal company will be organized to promote and operate the bridge. To this end a preliminary meeting has already been held, according to Mr. Delano, and arrangements started by which the matter will be taken up with engineers at once.

The Cairo, Wickliffe, Mayfield & Norfolk railroad has been attracting the attention of local railway officials since its organization a few months ago. From its inception it has gone ahead in a peculiarly rapid manner and already a great deal of work out of Wickliffe has been done. The road is credited with being a new route for one of the great trunk lines, and it is generally admitted that it has unlimited New York capital behind it.

A leading railroad official of this city said in discussing the matter, that he believed the new road was being built by the New York Central.

THE PRESIDENT TOOK A CRUISE

Went to Bottom of Ocean in
Submarine.

Spent Forty Minutes Beneath the
Waves and a Storm Raging
Many Feet Above Him.

WAS MUCH PLEASED WITH BOAT

Oyster Bay, Aug. 26.—President Roosevelt late yesterday afternoon made a descent in Long Island Sound, on board the submarine torpedo boat Plunger. He was aboard the vessel three hours. At one time the boat was submerged for fifty minutes and in that time was put through all the submarine feats of which she is capable.

As soon as the president descended into the boat, the manholes were closed, and, conveyed by the naval tender Apache, the Plunger started for the sound. No maneuvers were attempted until the vessel was well beyond the entrance to the bay. The water where the trial took place is about forty feet deep. Soon after the vessel reached the necessary depth she was directed downward until she rested on the bottom of the sound. The mechanism of the craft was then explained minutely to the president by Lieut. Nelson, so that he afterward experienced no difficulty in understanding the maneuvers which were performed.

While the president thus was resting on the bottom of the sound in the submarine boat the storm raged feet above him was raging unnoticed.

The boat was put through all kinds of maneuvers, demonstrating every movement necessary in the work for which she is intended. The lights were turned out at one time and the crew worked in lanky darkness with as much skill as they performed their duties in the glare of the electric lights.

The president expressed last night his delight at the novel experience and said he was immensely impressed with the boat and with the manner in which she was handled. In thus braving the dangers of submarine maneuvering the president has endeared himself to naval officers and men the world over, and made Lieut. Nelson the proudest and happiest man in the navy.

Watch Maneuvers Today.

Oyster Bay, Aug. 26.—President Roosevelt saw the submarine boat, Plunger, go through her maneuvers this morning, and was able to view her exploits with the eye of an expert. The president was accompanied by Mrs. Roosevelt, children and several guests, and they watched the movements of the Plunger from the dock of the Sylph.

Has Covered 14 Miles.

Dover, Aug. 26.—T. W. Burgess, who made several unsuccessful attempts to swim the English channel, started again this morning in another effort to complete the long swim. A report received this afternoon said that he had covered fourteen miles.

Dover-Burgess gave up after swimming sixteen miles.

Speckles Ship Is Seized by Chinese.

Washington, Aug. 26.—The state department from Yokohama saying that the ship Australia, owned by Speckles, had been seized. The dispatch gives no details of why the ship was seized or anything concerning the business in which it was engaged.

THE WEEK'S NEWS IN THE COMMERCIAL WORLD

Bank clearings this week. \$564,323
Same week last year. 652,915

With the exception of the southern states, in which traveling men can not enter, local wholesale houses are doing a good business. The fever scare however has hurt trade considerably.

Mrs. John J. Dorian announces the opening of her private school on Monday, September 11, at her residence, 503 South Fourth. This is the fourth year of this popular school. It is the only strictly private school in the city and it has been a success from the start. The course of study includes all the English branches, Latin, shorthand and book keeping. Patrons are requested to make application as soon as possible so that all arrangements may be made before the time for the opening of the school. Hours 9 to 2, with intermission for luncheon, 3 to 5 and 7 to 9 p. m. Old phone 1478.

The weekly report of Tobacco Inspector Ed. R. Miller is as follows: Receipts week, 34 hogsheds; receipts year, 5,673 hogsheds; offerings week, 33 hogsheds; offerings year, 5,946 hogsheds; rejections week, 6 hogsheds; private sampling week, none; private sales week, none; sales week, 27 hogsheds; sales year, 5,111 hogsheds.

Electric Line to Cairo.

J. A. Frenndlich has gone to New York again for the purpose of taking up the project of building an electric line from Paducah to Cairo. The promoters, as heretofore are confident of financing the road, but the project, it is understood, is practically where it was several months ago.

Good Business Reports.

New York, Aug. 26.—R. G. Dun & Co.'s weekly trade review says:

Distribution of autumn merchandise is in progress unusually early this year, and the volume of forward business is so heavy that the last half of 1905 promises to establish a remarkable record of commercial activity.

Current retail trade is well maintained, the urgency of orders received by jobbers indicating dealers in stocks are becoming depleted, and there is little complaint regarding collections.

Special reports regarding manufacturing conditions show with scarce exception that plants are working close to full capacity, with little idle machinery. Encouraging crop prospects provide a large share of good feeling. Railway earnings in the first half of August surpassed last year by 5.3 per cent., while foreign commerce at this port last week exceeded the movement the year previous by \$2,110,546 exports and \$1,106,000 imports.

Failures this week 190 against 150 last year.

What Bradstreet Says:

Bradstreet's review says: August, a period of exceptional activity in all lines of trade and industry, draws to a close with buying showing further expansion, cereal crop yields or prospects close to the best, railway tonnage increasing, collections generally better, money exceptionally easy for this season notwithstanding increased crop moving requirements and confidence on all hands of a large and prospective profitable fall and winter trade.

Wheat, including flour, exports for the week, 1,170,340 bushels against 1,084,000 last year; July 1 to date, 7,478,000 against 10,634,000 last year. Corn exports 987,000 bushels against 764,000 a year ago. July 1 to date 8,064,000, against 4,563,000 in 1904.

Predictions of a very active fall in all kinds of steel are supported by strong prices for nearly all kinds of material.

Wheat, including flour, exports for the week, 1,170,340 bushels against 1,084,000 last year; July 1 to date, 7,478,000 against 10,634,000 last year. Corn exports 987,000 bushels against 764,000 a year ago. July 1 to date 8,064,000, against 4,563,000 in 1904.

Bank Clearings.

New York, Aug. 26.—Total bank clearings compiled by Bradstreet's for the principal cities of the United States the past week: \$396,543,215, an increase of 26.8 per cent. compared with the corresponding period last year.

Where there is no faith in the possibilities of man faith in the power of God does little good.

THE CRACK THIRD WORK LIKE TROJANS

Guard Mount Today Was Almost Perfect—Dress Parade.

Governor's Salute of Twenty-one
Guns Was Fired This Morning
Before Guard Mount.

THIRD DRILLS LIKE VETERANS

Soldiers from the regular army would not have made a better appearance at guard mount than the Third regiment guards did this morning. It was conducted by Capt. Chapman, regimental adjutant, and was the prettiest and most perfect held since the encampment began. The regimental band, of Owensboro, consisting of twenty pieces and a drum major, rendered the music, which was excellent. Like the guard the band is also well drilled.

Governor's Salute.

Twenty-one guns were fired preceding guard mount as the governor's salute. The ammunition for the Hotchkiss guns arrived last night and the salute was the first since the encampment. This will be the only salute fired during the encampment. One shot will be fired for reveille and one for retreat.

Like Veteran Soldiers.

The Third went at its work like men who understood their business. The men were complimented by the non-commissioned officers of the regular army and also Col. Gaines. The troops reached Paducah on a special train yesterday afternoon about 5:30 o'clock and as soon as they reached the camp pitched in to putting up their tents, which had been taken down by the First. In remarkably short time the tents were ready for occupancy. At 7 o'clock mess was served and the boys were permitted to go to the city for a few hours to see the sights.

Officers Must Be on Time.

The daily routine was taken up this morning. General Halcy first issued an order for all officers to attend officers' school and mess on time. Heretofore they have been rather neglectful in regard to them, some of the officers not attending the school, which is conducted by Lieut. Beekham. General Halcy realizes that the officers need the lectures of Lieut. Beekham and the remainder of the encampment they will be compelled to attend unless they have a valid excuse.

Dress Parade This Afternoon.

The first dress parade of the Third will take place at 5:30 this afternoon in the baseball park. The day has been ideal for military maneuvers and the parade is expected to be one of the best held during the encampment. Gov. Beckham will review the troops Monday at the dress parade hour and leaves that night for Frankfort. The governor is enjoying himself immensely at the camp. The life is a great relief from the strenuous life at the capital, with which he is continuously in touch by long distance telephone and telegraph.

Dance a Great Success.

The dance given at the park pavilion last night by the governor and staff to the society people of Paducah was a grand success in every respect. There was no military ceremony. They danced the German and a large crowd was in attendance. The weather was cool enough to make dancing delightful.

The Camp Is Clean.

Surgeon General McCormack rode through the camp this morning and made a close inspection of the grounds and mess tents. He had ordered a general cleaning up yesterday and found everything in a sanitary condition. There is not a case of sickness in the hospital. Capt. Piper, one of the regimental surgeons, was unable to come on account of being detained at Russellville as a witness in the trial of three men charged with criminal assault so Lieut. Nollau, of Louisville, who was here with the First, was detailed to take his place. Lieut. Nollau is a very fine surgeon and physician and Colonel McCormack considers himself fortunate in getting his services.

The officer of the day is Capt. Paul Price, company G, and officer of the guard, Lieut. Gates, company C.

Telegram From Col. Hindman.

General Percy Haly received the following telegram from Col. Bisce:

HOTEL BURNS.

Three Dead and a Number Are Badly Injured.

Maranacook, Me., Aug. 26.—At least three persons were burned to death and five injured in a fire which destroyed Hotel Maranacook, on Lake Maranacook, early this morning. A hundred guests and employes narrowly escaped by rushing through the burning building, and jumping from windows.

EFFECTIVE NOW

CAIRO'S "AIR-TIGHT" QUARANTINE IN FORCE.

Kentuckians Are Barred From Southern Illinois Without a Permit From Authorities.

Cairo, Ill., Aug. 26.—At six o'clock this morning the air-tight quarantine of Cairo against the world went into effect.

Guards have been placed at all the roads leading into the city. Both levees are being patrolled night and day, and Acting Secretary of the State Board of Health Palmer will draw the train inspection tighter today, and not a single person will be allowed to come into the city unless provided with a permit signed either by Dr. J. A. Egan, the state secretary, or Thomas A. Fuller, chairman of the city board.

The quarantine of Cairo and the state of Illinois against Paducah remains the same, no one from Paducah will today be allowed to enter Cairo unless they have a permit from the health authorities of Cairo. These permits, however, will not allow the holder to enter any other part of the state.

This embargo against Paducah will remain in force until the city officials there appoint a physician as health officer in whom the authorities in this state have confidence and who will not engage in selling health permits as so many physicians there have been guilty of doing. Dr. Palmer has affidavits in his possession from various parties, showing that a large majority of the Paducah physicians have been trafficking in permits.

Railroad Detective Killed.

Red Key, Ind., Aug. 26.—As a result of a controversy over the crossing of the Pennsylvania tracks by a local traction company, William Purdy, a Pennsylvania detective, was fatally wounded and W. J. McCarthy shot in the shoulder. The shooting was from ambush by unknown persons.

Tendered a Big Reception.

Chelze, Germany, Aug. 26.—Congressman Bartholdt, of St. Louis, on his way to attend the thirtieth session of the Inter-parliamentary union, which begins at Brussels Monday, was tendered a great reception in this city, his former home.

Noted Life Saver Burned.

Erie, Pa., Aug. 26.—Capt. McMahon, commander of the yacht Mysie, was burned to death in his living apartments early this morning. Exploding gas caused the fire. Capt. McMahon was a noted life saver and congress recently awarded him a medal.

Member of Cuban Cabinet Dead.

Havana, Aug. 26.—Eudoro Yero, a member of the Cuban cabinet since the organization of the government, died today from cancer, from which he had suffered for several years.

Extensive Investigation to be Made of All Kentucky Railway Lines

Frankfort, Ky., Aug. 26.—A sweeping charge of alleged "excessive discriminatory and extortional freight rates," has been filed in the office of the railroad commission against all the railroads operated in the state, and will result in a lengthy investigation of several weeks, and the probable fixing of freight rates on practically all the railroad lines operated in the state.

The complaint is made by Ed Gunther and other Owensboro, Ky., shippers, and is filed by Sweeney, Ellis & Sweeney, of Owensboro, attorneys.

It has been set for hearing beginning September 20. The complaint

VERY OPTIMISTIC REPORTS SENT OUT

The Fever Situation Shows Very Little Change Today.

Yesterday's Record Differed Little From That of Preceding Days.

A CASE REPORTED IN MICHIGAN

FRIDAY'S REPORT.

New cases 65
Total 1005
Deaths 6
Total deaths 232

Today's Report.

New Orleans, Aug. 26.—Fifteen new cases and six deaths had been reported to noon today.

At New Orleans.

New Orleans, Aug. 26.—Action was taken yesterday at a meeting of the state board of health to enable the federal authorities to stop indiscriminate travel between infected points and New Orleans, the idea being to prevent people from returning to New Orleans from settlements where fever now exists and causing fresh infection here. The fever situation yesterday was regarded as having undergone no change. There was some rise in the number of new cases today over yesterday, but the health authorities said no unfavorable conclusions were to be drawn from that fact, and that there was likely to be a variation of this character from day to day.

Got Through Quarantine.

New Orleans, La., Aug. 26.—Traveling for 500 miles in a trunk William Wilson is the first man who is known to have evaded the Texas shotgun quarantine. He made a bet with a friend that he could get through the lines without going into a detention camp and then had himself strapped in a trunk and checked through to Houston. On his arrival the following day he wired friends here to send on the amount of the bet.

This is only one of the many peculiar methods which are being used to escape the quarantine. Governor Vardaman has declared martial law in Mississippi City and any one trying to leave there runs the risk of being shot.

Case in Michigan.

Grand Rapids, Mich., Aug. 26.—A case of yellow fever has been discovered in Crockery township, Ottawa county, 10 miles from here. The patient is Godfrey Limburg, a telephone lineman, who left New Orleans a week ago last Tuesday. He was taken sick Saturday, but a physician was not called for several days.

Equitable Directors Answer.

New York, Aug. 26.—The Equitable Life Assurance Society today joined with the state of New York in asking for a full investigation in court of its directors and officers and their alleged wrong-doings in managing the moneys of the society. The document which announced this determination was the answer of the forty-nine Equitable directors to charges made against them in connection with a suit brought against the Equitable Life Assurance society by the state.

The Master is always with those who seek to minister.

The Four Huntlings in "A Night in the Fool House" at The Kentucky Tuesday Night.

Theatrical Notes

Tonight—"On the Bridge at Midnight."

Tuesday Night—"The Four Huntlings" in "The Fool House."

The Four Huntlings in a merry musical Melange in three acts called "The Fool House," will be at The Kentucky next Tuesday night. Webster says, Melange means a mixture, a medley, the word fits the Four Huntlings' entertainment very nicely. Only most musical comedies have no plot whatever. "The Fool House" differs somewhat in that respect as there is sufficient plot to hold the interest as a play which gives the audience double value for their money. During the action of the plot the Four Huntlings and their singing and dancing company introduce their respective specialties which are of the highest order. The praises critics give the famous family in vaudeville is enough to insure the most skeptical of an enjoyable evening. The Pittsburg Times of April 4, 1905, says: "The most pronounced hit of the entire show at the Grand this week was made by the Four Huntlings, Lew, Tony, Mollie and John, children of the old circus man. They are exceptionally good dancers and comedians. They give a skit called 'The Fool House' and added by a youngster six years old (Little Boh Hunting) provoked the most spontaneous and hearty applause heard in the city of Pittsburg this season."

No play has a stronger appeal to human sympathy than "On the Bridge at Midnight," at The Kentucky tonight with its sightless mother looking for her stolen child while the tide of events flows all against her as she gropes about in the heart of a great city. But even the sad side of city life has its humor and this is very ingeniously introduced in "On the Bridge at Midnight," with two characters among others, that have become popular as the famous drawbridge scene. Germany the professor and Reddy the hunchback, Klumt and Gazzolo have

not made the mistake often to be noted in some flamboyantly advertised plays, of relying on a bit of scenery

Hentrice Skeenbrook On the Bridge.

to get the attention and patronage of the public. They offer a full and excellent drama with even such a masterpiece as the bridge scene taking its proper place as an aid to the story.

BENEFIT GAME

Talked of for Widow of the Late "Bill" Frakes.

Manager Harry Lloyd is in receipt of a letter from a lawyer in Gallatin, Tenn., asking if a benefit game for the wife and child of the late William E. Frakes, the Paducah pitcher, can be arranged.

He suggests that such a game would be greatly appreciated by Mrs. Frakes who is in anything but a very good financial condition. The attorney suggests that the game be arranged between Gallatin and Paducah to be played here. Lloyd will decide on the matter at once and if possible arrange the game.

Powder Plant Destroyed.

Marquette, Mich., Aug. 26.—A fire in the engine room at the Anthony Powder Works near Negaunee last night caused a series of explosions that destroyed the plant. There were no casualties.

LATE BASEBALL NEWS

Indians Win Another.

The Indians took the second game of the home series from Vincennes yesterday afternoon at Wallace park, and a feature of the play was the drabbling Johnny Duggan, the star twirler of the Vincennes bunch, got. He was touched up for nine hits and, although his team did not give him the backing South got, his defeat was inevitable.

Governor Beckham was in the grand stand with Senator Wheeler, Campbell and other prominent public men, and he came to see the Frankfort battery, "South and Land." His presence seemed to spur the "Kid" on to victory, South allowing but two meekly hits besides pitching a shut-out.

Paducah scored five in the fourth and three in the eighth innings.

In the fourth Marre singled to left field and Bohannon bunted. He beat it out and Kolb in trying to touch him lost the ball, and Marre made third. Taylor hit to Hippiert who stumbled about, Marre scoring, but Hippiert threw Taylor out at first. Hughes and Perry singled and Land hit to Hippiert, who tried to force Perry out at second. French juggled the ball and Perry made safe. This filled the bases and Potts hit a Texas leaguer to right which got past Forney and the little runner made three sacks, but was thrown out while trying to stretch it to a home run. This made it five runs and South's fly out to Forney retired the side.

In the eighth inning Bohannon singled and was sacrificed to second by Taylor. Hughes singled and Bohannon tallied on the throw, Hughes making second on the play. Perry and Land were walked and Potts flew out to French. With three men on bases Duggan forced on run in by walking South. McClain's single scored Perry but Marre went out from Barbour to Kolb, retiring the side with three runs.

The Score by Innings.

Innings 1 2 3 4 5 6 7 8 9 R H E
Vincennes, 0 0 0 0 0 0 0 0 0 0 2 3
Paducah, 5 0 0 5 0 0 0 3 8 9 0

Batteries—Duggan and Matison; South and Land, Empire, Zinkins.

Old Trantham Back.

Colonel John Trantham, the popular engineer, has returned from Chicago, where he had been on business pertaining to the grievance committee of the Brotherhood of Railway Firemen, of which he is chairman. During his absence from the city he has not been able to keep up with the Paducah-Vincennes pennant race and was surprised to see the status of affairs.

"I have always been an ardent admirer of the Indians," he declared, "and when I could slip off from work would go out and root for the Indians. I don't like this idea of Gilligan quitting the game, but with the present lineup I still think the Indians will win out—anyway I am going out and take a hand in the rooting if that will count for anything."

Colonel Trantham is, by the way, about the hottest thing in the "rooting" line ever heard. The fans will gladly welcome the King of Rooters back to the reservation.

L. A. L.'s Beat Benton.

The L. A. L. baseball team played the Benton team at Benton yesterday afternoon and shut the Marshall county team out by a score of 9 to 0. "Dutch" Dicke pitched for the L. A. L. team, and Gourieux caught, and Dicke did not allow but two hits, these being secured in the ninth inning. Only two men reached the bases, one reaching second and one first.

The L. A. L. and Central teams will play a match game of baseball at the shop grounds tomorrow. Bat teries are Block and Block for the L. A. L., Sutherland and Smith for the Central.

Former Kitty Players.

Blittorf and Lemon again demonstrated their value as a battery yesterday by defeating Davenport by a score of 11 to 1. "Old Lady" only allowed six hits, and Davenport made only one error behind him.

Famous Manager Leaves.

Mr. Harry Kelley, manager of the Famous baseball team, has gone to Memphis, Tenn., to work for the I. C. Kelley organized the strongest independent team in Paducah and it

DIED IN GOLCONDA.

Mrs. W. S. Morris, a Prominent Woman, Victim of Cancer.

News of the death of Mrs. W. S. Morris, of Golconda, Ill., at that city, reached the city this morning.

The deceased was a prominent resident of Golconda, and died at noon yesterday of cancer in the head, after a lingering illness. She was a member of the Methodist church, and an active church worker in her earlier life, remaining so until she was forced to abandon active life.

The deceased was 55 years of age and leaves a husband, three sisters, Mrs. W. W. Marsh, of Sycamore, Ill.; Mrs. Sue Canman, of Assumption, Ill.; and Mrs. H. E. McGovern, of Golconda, Ill. She leaves three nieces here, Mrs. Lee Rhodes, Mrs. Lucian Durrett and Mrs. John Endress.

The funeral will be held this afternoon at Golconda and the deceased Paducah relatives have gone up to attend.

ARM CUT.

Employee of the Basket Factory Painfully Injured.

Miss Lila Gittila, an employee of the Merzenthaler-Horton Basket Machine company, was injured at the company plant this morning while at work at a machine. She got her right arm caught in a cog wheel and drawn into the cogs. Her position was discovered in time to prevent the arm from being drawn entirely in, but was badly mashed and cut. Drs. J. S. Trontman and Carl N. Sears, dressed the wound.

led the city league until he left Paducah. The famous team was composed of semi-professionals, and Douglas, who is now working for the Kentucky team, of this place, was the famous star twirler.

Will Play Independent Ball.

Manager Harry Lloyd stated this morning that the Indians would continue to play independent baseball the remainder of the season. There may be one or two of the fastest players go to bigger league to finish out the season, but he stated the majority of the players will remain and play independent ball. Lloyd will pitch tomorrow against "Rube" Whitley.

Game Tomorrow.

The F. W. Cooks and Old Heads will play a match game of ball at Wallace park Sunday morning at 9:30 o'clock. No admission will be charged.

The Week In Society.

The Week.

Two delightful dances and several minor affairs have been the course of events for the past week. The dancers who are keen on "bridge" have been indulging quite a little this week. A number of informal morning "bridge" parties have been given.

The officers are continuing to entertain at the camp, and to be entertained by town people. A number of the wives of the officers are now guests in the city.

Dance Given by Officers.

The general brigade officers of Camp Vesper, gave a very enjoyable dance at Wallace Park Friday evening to the young society people of the city.

It was one of the most pleasant affairs of the encampment.

The officers have been royally entertained during their stay here and this proved a very delightful means of recognizing the courtesies shown them. The guest list was quite extensive.

Dance for Governor and Staff.

The dance given at the park pavilion Wednesday evening by the young society men was a most delightful affair.

This pleasant event was given in compliance to Governor Beckham, his staff and the officers of the First regiment.

Dea's band furnished the music. This was the second dance of a series to be given during the encampment and was one of the most enjoyable of the season. A reception was held before the grand march which was led by the governor and Mrs. Harry Tandy. Mr. Saunders Fowler led the cotillon. The dance was largely attended. A number of the wives of the officers were among those present as follows:

Mrs. H. T. Baines, Frankfort; Mrs. Noel Baines, Frankfort; Mrs. A. T. McCormack, Bowling Green; Mrs. D. Y. Beckham, Ft. Hancock, N. Y.; Mrs. Harry Tandy, Paducah; Mrs. Thomas A. Hall, Frankfort; Mrs. Matt Ayres, Fulton; Mrs. Taylor, Louisville.

Entertained Lodges and Visitors.

Mrs. M. Isaman entertained the Eyergreen and Magnolia Grove lodges with a reception Wednesday afternoon at her home, Fourth and Washington street.

Mrs. Claude Higgins, of Mayfield, and Mrs. W. H. Ralph, of Memphis, were the guests of honor. Many callers were received between the hours of 2 to 5 and a most delightful afternoon was spent by the guests.

Delicious refreshments were served.

A Pleasant Affair.

Miss Caroline Hunt entertained with a delightful luncheon at Wallace park on Wednesday evening. Those present were: Misses Hattie Settle, Hattie Yancy, Caroline Hunt, Mrs. M. E. Hunt, Mrs. W. G. Lyons, Mrs. J. W. Kliney, Messrs. Rick, Hiram Kennedy, G. E. Wilson, Dr. G. H. Prange and Capt. Frank Maddox.

Former Paducah Man Weds.

Mr. Fred Hisey, formerly of this city, but now of Cairo, and Miss Hazel Johns, of the latter place, were united in marriage Sunday by Rev. T. J. Newell, pastor of the M. E. church.

Mr. Hisey holds a responsible position with the Big Four railroad at Cairo and the bride is one of that city's most popular and charming young women.

Mr. Hisey is the son of the well known constable.

After the ceremony the couple left immediately for Cairo.

Married at Cairo.

Mr. Emory E. Thapsett, the well known railroad engineer, formerly of Paducah, but now of Wickliffe, and Mrs. Bertie W. Ross, of the city, were married Monday evening at the court house in Cairo, Ill., by Judge William S. Dewey.

Tribute to Paducah's Talented Musician.

The following extract from the Dallas News speaks in a most complimentary manner of Mr. Harry Gilbert of this city. While on a visit to relatives in Dallas this talented musician appeared on several notable occasions and was enthusiastically

Stutz's Soda Water
Is made of the purest preparations; is healthful and delicious.

entirely received:

The parish musicale given last night at the residence of Mr. and Mrs. J. H. Shelby for the benefit of Junior department of the Y. M. C. A., was both novel and delightful. The attendance was large, every seat on the lawn being taken and many standing, besides others who enjoyed the music while seated in their carriages.

The program was varied, including instrumental music, songs and readings. Mr. Gilbert of Paducah, Ky., who has devoted his life to the study of music in the United States and abroad, rendered Chopin's Third Ballad in masterly style, and for encore "Chantade's" "Les Sylphides." His touch appears light, yet every note is sounded clear and true, and his phrasing is fine.

Announcements.

A dance will be given Wednesday evening by the young society men of the city at Wallace park.

The officers of the Third regiment will be their guests of honor. The list is at Walker's drug store.

About People.

Miss Jeanette Lindholm returned from her visit to Paducah Tuesday. Her niece, little Miss Caroline Andrews, returned with her and will visit here a few days.—Wickliffe Youtman.

Mr. I. S. Eaves is ill of typhoid fever at the residence of Mrs. Mary Mitchell, 912 S. 11th street.

Miss Anna Berry is visiting in Memphis.

Mrs. William Hay and daughter Miss Robbie Hay, leave tomorrow for a visit to Clarksville, Tenn.

Mrs. A. C. Forder, of Lake Providence, La., and Mrs. Albert Morrison and children of St. Louis, are guests of Mr. and Mrs. C. W. Morrison.

Miss Lucille Derrington has returned to St. Louis after a visit to relatives here.

Miss Ethel Deal has returned to Murray, Ky., after a visit to Miss Nellie Gardner, of West Monroe street.

Mrs. H. H. Bennett, of Dyersburg, and sister, Miss Cronie, of Kuttawa, are the guests of their sister, Mrs. Holterson, of Harrison street.

Mr. Pat Donagan returned to Paris, Tenn., today, after visiting his parents.

Miss Patience Taylor, of Mayfield, is visiting Mrs. Chas. Horton, of 1119 Clay street.

Mrs. H. G. Easterly and Mrs. Ellen Caldwell, of Carbondale, Ill., and Miss Nanie Caldwell and Master Robert Caldwell, of Natchez, Miss., are guests of Dr. Della Caldwell.

Mrs. J. S. Crump, of Columbus, Ind., was called to Paducah by the illness of her daughter, Mrs. Dr. C. E. Whitesides, and arrived last night.

Mr. S. T. Miller, night clerk at the Palmer House, has returned from a visit to Union City.

Miss Florie Chamberlain, of Canandaigua, N. Y., and Miss Lillian Cline, of Tipton, Ind., arrived last night to visit their cousin, Miss Winifred Cline, 518 South Fourth street.

Mrs. J. S. Miller and daughters, Misses Ella and Edith Miller, of Princeton, who have been visiting Mr. Rolfe Miller, the former's son, returned home this morning.

Dr. Frank Boyd has returned from his trip to Michigan and Canada. Mrs. Boyd will return tonight.

Miss Nell Hamilton, who has been visiting the family of Mr. W. H. Hayes, leaves for Dyersburg this evening.

Messrs. J. S. Jackson, Frank Dean, Lawrence Dathan and family, returned from Chicago this morning.

PREPARATIONS FOR OPENING OF SCHOOL

The Date is Second Monday in September.

There is Plenty of Preliminary Work However, Including Teachers' and Pupils' Examinations.

BUILDINGS ARE ABOUT READY

Although school does not open until the second Monday in September, there will be plenty "doing" beginning with the next week. There will be teachers' and pupils' examinations and preparations for the opening of school in regard to equipping buildings, etc.

Beginning Thursday and Friday, there will be a teachers' examination conducted by Supt. C. M. Lehl for those who were elected to positions in the city schools and who do not have local certificates. There are sixteen to take these examinations this, including two teachers yet to be elected.

On the fifth and sixth of September there will be a pupils' examination held for the benefit of those pupils who were ill and unable to finish the term last year, and who failed to pass. It is stated that this number is small, the pupils having been generally successful during the past two terms, a matter gratifying to the teachers and all interested in the welfare and betterment of the schools.

The contractors say they will have the Mechanicsburg school complete and ready for occupancy by the 1st of September. Supt. Lehl has made all arrangements for placing in the seats and if the contractors finish with their work, it will require but a short time to put in the seats and have their school ready for occupancy.

FIRE AFTERMATH

WORK OF CLEARING AWAY DEBRIS IS PROGRESSING.

Damaged Tobacco Is Being Hauled Away to Be Sold When "Worked."

The work of clearing up the debris from Wednesday's fire on Broadway, when the tobacco barn of Graham & Co. and Farmer & Co., burned with a loss aggregating \$50,000, is progressing slowly.

Many transfer wagons are being used in carting away the burned tobacco and it will be more than a week before the ground is cleared. Little work will be required in clearing away the charred remains of the woodwork. This will be done after the tobacco has all been removed.

The firemen have repaired all telephone and telegraph wires burned in front of the warehouses and the fire departments have secured most of their hose. Over 1,000 feet remain at the scene of the conflagration but this will be taken away at once and hung up to dry.

The tobacco men are preparing for the adjustment of their losses and the scene of the big fire is still being visited by many persons.

Chief Wood has received many compliments on the good work done in preventing a spread of the fire. His men worked hard and deserve credit for the work done.

All day yesterday and today truckmen have been hauling tobacco away from the burned warehouses. Many nosebands are only slightly burned, but the water soaked through and the tobacco will have to be rehandled the same as a new crop.

It is said that a great deal can be realized out of the wet and damaged tobacco by selling it to manufacturers of snuff. This is about all it can be successfully used for. However all the tobacco is not entirely lost, but can be disposed of at something over the price paid for hauling it away.

UNCOUPLED TRAIN

ENGINE DASHED AHEAD FORTY MILES AN HOUR.

Unusual Offense Charged Against Young Men of Hickory Grove, Kentucky.

Mayfield, Ky., Aug. 26.—Last Saturday, while the fast train was coming at 10 miles an hour this side of Haz and Mayfield creek, the engine tore loose from the main train, and ran away from it. At the time, the train separated, two men were seen to jump off and go towards the woods. The engine came back and found the pin that held the engine and train together had been pulled out. The trainmen knew that somebody did it. So the theory was that somebody had been stealing a ride on the blind baggage.

The railroad then began an investigation, and heard that Dr. Hargrove at Hickory Grove had been called to dress the arm and shoulder of a man who was hurt on the railroad. The investigation developed that Elvis and Elva Holmes, two young men living east of Hickory Grove were charged with the offense.

The railroad detectives came in and had warrants issued for them. The one that was hurt was arrested and is now under bond while the other came in Friday and gave himself up. One of them is about 26 years old and the other 25.

The young men belong to good families and claim they were drunk and hardly knew what they were doing. If they did it at all.

BIG ENGINE

Was Disabled Yesterday, But Was Not Damaged Much.

The biggest engine on the Louisville division of the I. C. No. 512, which was sent here for tests, was derailed at Cedar Bluff yesterday afternoon and delayed the soldiers' special and the Louisville and Fulton accommodation train No. 121.

The monster engine has been pulling the rock train from Cedar Bluff to Paducah and a broken rail threw her into the ditch. The Paducah wrecker was called out and in an hour and a half of hard work replaced the machine on the rails. She was damaged but very little and went out this morning on her regular run again.

The engine has been thoroughly tested on the Paducah district grade and pulls five loads more than other engines on the division over the same grade and making the same time. If she proves as successful on the Louisville district, the company will send 25 engines here of her type to be worked in the freight service.

Notice to Coal Dealers.

Bids will be received up to noon, September the 1th for coal for all the school buildings. Bids asked by the car load and per bushel, for nut and lump. About 16 car loads asd. All coal to be weighed on city scales.

Daily Thought.

"Trust in the nobleness of hu-

man nature in the majesty of its fac-

ilities, the fulness of its mercy, and

the joy of its love."

PROTECT THE CITY'S BUSINESS.

The people of Paducah are clearly

for whatever is necessary to pro-

tect their health and their business

interests. Both of these are vital in

the pursuit of life and happiness,

and if public money is not to be

spent to further them, what good

does money do?

On the question of a quarantine

many people have labored under a

misapprehension. They do not clearly

understand the term "quarantine"

as applied in the discussion of

yellow fever. A quarantine does not

necessarily mean, although it may,

a prevention of persons coming to a

place. It is used now in connection

with any kind of precaution to keep

out an epidemic. The quarantine

that has been urged in Paducah ever

since the yellow fever scare started

was merely an inspection at trains

and boats to see that persons get-

ting off here had health certificates.

It would have cost money, but it

would not have cost by a large ma-

jority as much as the failure to do

it has already cost the business men

in loss of trade. The question of

danger from yellow fever coming

he community, under the head of

"police regulations."

The thing to do now is not to

quibble over scientific questions of

infection, danger, and such things,

but to try to have the doors that

have been closed against Paducah,

opened to us again.

TWO GREAT DANGERS.

The state board of health held a

meeting night before last, and called

attention to the danger from typhoid

and consumption. Statements made

by members were in substance:

"The real danger in Kentucky lies

not in yellow fever, but in typhoid

fever. More people die in this state

from the latter disease every month

than have ever died here from yellow

fever. We had better concern our-

selves about the real plague at home.

The 13,305 cases last year could have

been prevented. Malaria fever can

be prevented by the same precautions

that are required to prevent yellow

fever. Screened houses will practi-

cally eliminate both typhoid and malaria

fevers in Kentucky. By proper pre-

cautionary measures we can elimi-

nate consumption. If all the sputum

coughed up in a year were destroyed

as it is coughed up, there would be

no consumption in Kentucky. Ty-

phoid fever, which could have been

prevented, cost Kentucky last year

over \$900,000, besides the lives that

were sacrificed."

As to the means of preventing

these things, Dr. McCormack said:

"What can we do to prevent these

diseases? Why, clean your premises

thoroughly, destroy the breeding

places of mosquitoes, screen houses,

shut out the typhoid-carrying flies.

Observe these precautions and you

will eliminate these diseases. Malaria

fever is caused solely by the malar-

ia mosquito. It was formerly be-

lieved that malaria was caused from

marshy ground, but this theory has

been exploded. You could live all

summer in a marsh if you lived in a

screened house and you would never

contract malaria fever. The same

precautions that will keep out the

yellow fever mosquito and will keep

out the flies which are the chief in-

struments in carrying typhoid fever

"Then you can prevent consump-

tion by the proper precautionary

measures. Why, if all the substance

coughed up by consumptives were de-

stroyed as it was coughed up for a

year there would be no consumption

in Kentucky. Sanitation is our hope

of health."

Heroic efforts are being made at

Paducah to clean up, and one of the

plans suggested, and which may be

tried, is as follows, and it seems to

be a good one: "In each block in the

city the property owners should ap-

point a citizen in that block with au-

thority of an officer of the law, to

call upon each property owner and

notify them that they shall clean

their premises of all garbage within

a stated time and at which time he

would return and if the work was

not done that he or she be placed in

jail. This would place the work in a

systematized manner and there

would be no expense whatever. This

would also let each block take care

of itself and would not have one par-

ty from one block calling on parties

in another block, making sugges-

tions as to how they should clean

up."

Mayor Dunne, of Chicago, still in-

sists on municipal ownership. That

seems to be the trouble with these

kind of cranks. They never know

when to stop.

Large Audience There.

"Lord Baltimore" was played for

the first time in Paducah last night

at the Kentucky theatre, and there

was a large crowd out. It was the

first show of the season, and the au-

dience was considered very good con-

sidering the early opening. The play

seemed to give satisfaction and was

very entertaining throughout, the

company being a capable one.

MORE TROUBLE NOW FOR COUNTY SCHOOLS

Sheriff Refuses to Collect the Tax in One District.

It Is Where Trustees Refused to Long to Serve—Mandamus Suit May Be Filed.

OTHER COUNTY SCHOOL NEWS

County School Supt. A. M. Ragsdale has come to the point where he believes it is impossible to run the county schools without friction.

First district No. 25 was in a turmoil because of a disagreement over the location of the school.

After a fight and several suits in the courts, the matter was settled, and following this came the trouble from district No. 6, where school trustees refused to qualify because they would have to levy a tax to satisfy a judgment in court against the district. After the superintendent got men to serve and levy the tax, comes another problem—the collection of the tax.

Adam Temple has a judgment amounting to a little more than \$200 and not more than \$1 on each poll and 25 cents on the \$100 property tax can be levied, making it require about three years to collect the entire debt. The polls under this assessment will bring about \$50, and also will the property tax.

Supt. Ragsdale went to Sheriff Porter and asked him to collect the tax but the sheriff told him he didn't consider it his duty, and would stand a suit in court first, and the superintendent is in a quandary as to how to proceed. He thinks the sheriff should collect the tax and the sheriff differs. He has the matter under advisement and will decide in a few days whether he will authorize the suit or not.

About 32 out of the 12 county schools are now in session and by the first week in September it is thought all schools will be in operation. The trustee can start school when ever they please, some waiting until late on account of the conditions in their particular district.

WANTS HALF

JOE SMITH CLAIMS FRAUD WAS USED TO GET HIM TO SIGN DEED.

Asks Courts to Give It Back to Him—Other Suits of Interest That Have Been Filed.

Joseph H. Smith through his attorney, Hal S. Corbett, has filed a suit in circuit court against James P. Smith, his brother, and other heirs of the late James H. Smith, to secure a half interest in the real estate of the deceased and for \$100,000 rents and profits on the property. In no way does the suit attempt to break the will of Captain J. R. Smith, Attorney Corbett says.

Attorney Corbett stated that the records show not one piece of property bought by the deceased was taken in his name, but in the name of J. R. Smith, trustee for Jim and Joe Smith his heirs. The property thus bought will aggregate \$200,000, it is estimated, and the plaintiff alleges that on July 10, 1899 James P. Smith fraudulently and through misrepresentation got the plaintiff, Joe Smith, to deed over his half of property to his father, J. R. Smith. He prays that the court set this deed aside and surrender the half interest in the property to him along with \$50,000 rents, profits, etc.

The property includes some of the most valuable in the city, including the Hotel Laramie building and the building occupied by the Citizen's Savings bank.

In his father's will, the plaintiff in this case was given only a monthly allowance.

Virgil Carter yesterday filed suit against the I. C. Road Engineer Robert Bean and Conductor James Brown for \$7,500 damages sustained by being struck by a box car door a few miles up the I. C. road and being badly injured. He was employed as

SOME CHANCE YET

IF PADUCAH WINS TODAY IT
WILL MEAN A TIE.

Claimed the Post-Season Games for
the Pennant Will Be Only
6 or 7 in Case of Tie.

A great deal of confusion exists among the local fans as to the agreement with Vincennes relative to the methods to be employed in playing the post-season series of games for the pennant, and as there are two agreements, trouble is likely to result.

When the four club league was formed and the teams started off on a new percentage, it was understood that whichever team won the four league pennant was to play Paducah, which won the first pennant, a series of games to decide the championship. This was the decision of the league and the members agreed that three games be played at each of the three teams to be played at each town of the successful teams and the seventh, if a case of tie resulted, be played on neutral ground.

When the season closed at Vincennes and Paducah began to play the post-season series an agreement said to have been made between Harry Lloyd, manager of the Paducah team, and Eddie Kolb, manager of the Vincennes team, was published in the Vincennes papers saying that thirteen games would be played in case of tie, each team playing six games on its home grounds.

Since the Indiana return Lloyd declares that the original agreement at the league meeting sticks, and that the first three games only counted for Vincennes and the first three played here will count. Consequently if the Indians take today's game, it will be an even break, and the teams will have to go to neutral ground for the final game.

This afternoon Lloyd will send tribute to the firing line and Kolb will have Perdue push the pellet. Both have had the same rest, pitching against each other in the first of the home series. Lloyd intends to get this afternoon's game.

Police Court.

There were few cases in police court this morning.
James Hope, colored, got drunk on cocaine or some bad brand of liquor and tried to tear up the South Side yesterday afternoon. He began acting rather queerly early in the afternoon and as the day wore on became violent. He ran in houses, burst out again and finally jumped into Island creek. He completely terrorized the neighborhood and several policemen were sent after him and succeeded in bringing him to the hall. He was fined \$5 and costs.

Other cases were: Annie Parker, colored, disorderly conduct, \$5 and costs; Rex Mfg. Co., breach of ordinance, continued; Woolfolk and McMurrie, and Paducah Mattress Mfg. Co., breach of ordinance, dismissed; Eleanor Trezevant, white, breach of ordinance, dismissed; Ben Sands, white, vagrancy, dismissed; Geo. Moffett, colored, bicycle theft, held over; Brooks Crawford, colored, breach of the peace, \$5 and costs; Ben Sands, white, vagrancy, dismissed; Walter Coleman, white, fugitive from justice, continued.

Dr. Victor Vorkis went to Dawson this morning to spend Sunday.

Miss Julia Stratton, of Lebanon, Tenn., who has been visiting Mrs. Robert Hivers, went to Hopkinsville this morning.

Miss Mildred Harper will return from Paris Sunday, where she has been visiting relatives.

Mr. C. C. Sprague, representing the Louisville Title Co., was in the city today.

Mr. Sam Hughes leaves Monday morning to attend school this year at the Columbia Military Institute, of Columbia, Tenn.

Mrs. Harvey Harris and son and Mrs. Dr. Jno. Dismukes, of Mayfield, are visiting Mrs. Lawrence Gleaves. Mrs. T. J. Moore and family have returned from Huntsville, Ala., after a seven-weeks' visit.

Mrs. Jovett Henry left this morning for Paducah where she will remain during the third regiment encampment.—Hopkinsville New Era.

The following are here from Hardin, Marshall county, attending the encampment: Misses Daisy Darnell, Ola Starks, Tina Starks, Nina Starks, Evalina Darnell and Messrs. Henry Gardner, Guy Gardner, Henry Lovett and General Starks. They are guests while here of Mrs. Rosa Starks and Mrs. J. A. Derrington.

Miss Thelma Ross has gone to Evansville on a three weeks' visit to friends.

Detective Will Baker returned from Chicago this morning.

TWO CAR LOADS

OF "PINE TAR HONEY" SHIPPED
TO ST. LOUIS TODAY.

This Well Known Product Is Being
Shipped at the Rate of \$18,000
Worth a Day.

"Pine Tar Honey" is being shipped out of Paducah at the rate of \$18,000 a day.

This is a great record for a great remedy.
The September shipments of the E. E. Sutherland Medicine company, manufacturers of "Pine Tar Honey," are the heaviest of any month of the year and the orders booked for this September amount, in approximate figures, to \$100,000.

It is almost a physical impossibility for the company to ship that amount of goods in one month, so the shipments of September delivery orders is begun the latter part of August.

The shipments today amount to over two carloads, all for St. Louis jobbers. The other shipments go to jobbers in Chicago, Memphis, Kansas City, Indianapolis, Louisville, Nashville, in fact all the larger cities in the Southern and Central states.

The Sutherland Medicine company travels 33 men, and covers all the territory from Minnesota to the north to the Mexican line south, from Pennsylvania on the east to the Rockies on the west, and the business is gradually spreading so that in a few years the name of Paducah, through "Pine Tar Honey" will be carried to every state in the union.

A visit to the plant of the medicine company reveals an interesting sight. "Pine Tar Honey" is arrayed in boxes in stacks up to the ceiling, to the right, to the left and everywhere. The cough syrup is made up in the summer months to be ready for fall shipments and thus the stock at this season of the year is very large. At the rate of \$18,000 a day in shipments, however, it will be out in a few days.

ILLINOIS CENTRAL RAILROAD
EXCURSION BULLETIN.

Beginning Friday June 16th, every Friday and Saturday thereafter until further advised, the Illinois Central Railroad company will sell round trip tickets to East View and Big Chitty, Ky., at the rate of one fare for the round trip, tickets to be limited to the Monday following date of sale, for return.

Pacific Coast Points.
Portland, Ore., daily, May 23 to September 30, round trip, \$67.50, returning via San Francisco or Los Angeles, \$67.50, limit ninety days from date of sale, account of Lewis and Clark exposition and various meetings.

For further particulars apply J. T. DONOVAN, Agent, Paducah, Ky.

Whipping a boy to Sunday school never yet drove him to heaven.

WHOLE ELECTION
MAY BE ILLEGAL

Board of Health Ordinance Says
"Common Council" Must Elect.

There Is Now No Such Thing as a
"Common" Council, Others
Claim.

ELECTED BY ACCLAMATION

Paducah's board of health may be no board of health at all, and there may be another opportunity to elect men who will protect the city's interests instead of taking a position that causes nothing but incalculable harm to the city.

The reason is that the members may all have been illegally elected.

The ordinance creating the board of health is to be found on page 103 of the revised charter and ordinances. It says, among other things: "In case of a vacancy in the office of any member of the board, such vacancy shall be declared and filled by the common council at any REGULAR meeting of the council."

The meeting at which the present members of the board of health were elected was at a meeting of the GENERAL COUNCIL held Friday evening, August 18, and was a called meeting.

The meeting was held following an opinion received from the state health authorities that some of the members of the old board were not legally elected. All the officers were declared vacant and the present board was elected.

The argument is well made by members of the general council that there are no "regular" meetings of the general council, and that consequently the election would have to be at a called session.

Some lawyers say that the whole board of health ordinance is invalid, because there is no way to determine what it means by what it says, and that if the ordinance creating the board of health is illegal, the election of the board was illegal, and that a new ordinance will have to be passed providing for such a board.

It seems certain, however, no matter what may be decided about the legality of the election as a whole, the election of four members of the board was clearly illegal unless some section of the charter can be found to justify it, and no section has yet been found.

The records show that the following were elected "by acclamation": Messrs. Abe Anspacher, James P. Sleeth, H. M. McGee, and Dr. J. G. Brooks.

The other two were elected on roll call, by viva voce vote.

The four elected by acclamation were certainly not legally elected. It is claimed, on account of the following provision of the second class charter, the last part of Section 3043:

"All officers and agents of the city, in any of its departments, not required to be otherwise elected or appointed, shall be elected by the general council in joint session upon joint viva voce vote," etc.

The "revision" of ordinances for which the city about a year ago paid several hundred dollars, was a very cursory, unreliable affair. If the board of health ordinance was taken as a criterion. It does not say "general council," but "common council," something that Paducah doesn't have now and didn't have when the ordinance was "revised."

If the ordinance had been properly revised, it would have specified that members of the board were to be elected by the "general council" at "called" meetings, instead of by the "common council" at "regular" meetings.

The complications now raised over the board of health leaves health matters here in a more muddy condition than ever.

FEATURES OF SUNDAY SERVICES

Cumberland Presbyterian.

There will be a sunrise prayer service held in the Cumberland Presbyterian church Sunday morning at 6:30 o'clock. This is a special service for all the young people of the city. It is one of a series of union meetings.

Wholesome, sweet and pure ingredients used in
Stutz's Candles

meetings being held to promote Christian fellowship among the young people of Paducah. We urgently pray that the young people of all societies be present at this important service.

A QUARANTINE IS FULLY DISCUSSED

Citizens Meeting Decides One Is Advisable.

Ask the General Council for an Inspection Quarantine to Protect Business Interests.

SENTIMENT WAS UNANIMOUS

The mass meeting of citizens at the city hall last night to take some action in regard to a quarantine, resulted in quite a large crowd of business and professional men turning out. The sense of the meeting was overwhelmingly for an inspection quarantine for the purpose of placing Paducah right before cities of Tennessee and Illinois that have closed their doors to us.

A committee composed of H. C. Rhodes, D. W. Coons and Charles Hieke was appointed to call on the general council and ask that a quarantine in modified form be established.

The talks made showed conclusively the necessity of doing something. The only ones who spoke against an inspection quarantine were those who lost sight of the main question at issue—protecting the business interests by taking such action as is necessary to have Paducah health certificates recognized in the many towns and cities that have barred them.

Mr. Ben Welle presided as chairman of the meeting, and ably stated the situation and the object of the meeting.

President Milton Sanchez, of the Paducah Traveling Men's club, cited many cities and towns that have closed their doors to Paducah traveling men, and everyone else with a Paducah health certificate, because Paducah is an "open town."

Mr. Ernest Lackey and other traveling men told how the trades they had labored years to build up were now going to others because Paducah traveling men are shut out of various towns, leaving competitors with a clear field. The only reason this state of affairs exists is that the Paducah board of health has refused to establish any kind of inspection, but instead has allowed Paducah to become the dumping ground of all refugees who care to come here.

Mr. W. P. Hummel, in his remarks, made the claim that only two of the present board of health were legally elected, the others having been chosen "by acclamation," which is a form not authorized in the second class charter. He said he hoped the mayor would take prompt steps to have the members properly elected.

Dr. D. G. Murrell was opposed to a quarantine, but his argument was from the standpoint of actual danger of the infection coming here, or spreading which is not what has stirred up the city. Few people believe that there is any danger of yellow fever spreading here, even if it should appear here. Dr. Murrell said the state board could raise any quarantine established.

Dr. Horace Rivers read the law giving the state board a right to raise any quarantine established by a city.

Hon. Charles K. Wheeler, when asked his opinion on the state board's authority to do this, said that he did not believe it could raise a quarantine established by the board of health, but an inspection quarantine established by ordinance. The state board might raise a quarantine established by ordinance would come under the head of police regulations, and the highest courts have held that a city may pass any kind of a law that is deemed essential to its health, morals, welfare, or convenience.

This seems to be what the doctors and members of the state board of health have lost sight of.

Supt. Egan, of the I. C., also spoke against a quarantine, but his arguments dealt only with the danger of bringing yellow fever to Paducah, and did not touch on the daily loss to the business interests that daily had themselves more tightly "bottled up."

A standing vote was taken on appointing the committee to go before the council and ask for an inspection quarantine, and the vote was almost unanimously in favor of it. It is expected that Mayor Yelzer will take

The nice increase in our business since the first of the year is very encouraging to us.

PADUCAH BANKING CO.

KENTUCKY NEWSLETS

News From Carlisle County.

Hardwell, Ky., Aug. 26.—There is a rumor about that the Illinois Central Railroad company is making efforts to sell its water plant in this city to the municipality. It is claimed that the water that is drawn from the wells contains an element that is injurious to the locomotive boilers, and for that reason the company desires to dispose of the plant.

The quality of water that is afforded by the two wells now operated by the Illinois Central at Hardwell is fine.

A meeting of the stockholders of the People's bank was held for the purpose of electing an assistant cashier to succeed Oscar Bolkia, who resigned. Sam Roberts was elected to fill the vacancy. Mr. Bolkia tendered his resignation to take effect September 1 on account of ill health.

The residence of Ed Holt, on the outskirts of Arlington, was completely destroyed by fire. Mr. Holt carried two thousand dollars insurance on the building and contents.

Death in Ballard.

Wickliffe, Ky., Aug. 26.—Mrs. Ellen Rollins, wife of Virgil Rollins, died at her home in this city after an illness of three or four years of consumption. A husband and three small sons survive. The deceased was the daughter of Mr. and Mrs. G. S. McEllya.

Republican Nominated.

Marion, Ky., Aug. 26.—At the Republican convention for this senatorial district, comprising Crittenden, Caldwell and Webster counties, held here Robert L. Moore was nominated by acclamation. Mr. Moore is a prominent and influential citizen of this county. Until 1896 he was a Democrat, but since that time he has affiliated with the Republican party. His chances for success are favorable, one of the strongest planks in his platform being his opposition to the manner in which a Democratic court by aid of partisan commissions, selects juries. Leading Republicans here are sanguine of the election of Mr. Moore as state senator from this district as well as the election of M. B. Clark, of Livingston county, who was chosen Tuesday at Salem.

Duped on Pitchfork.

Owensboro, Ky., Aug. 26.—A very peculiar accident occurred in this county near the McLean county line. While at work in his hay loft a farmer, Oscar Payne, was accidentally impaled on an upturned pitchfork, which he had thrown to the ground. Payne lost his balance and fell from the loft, alighting on the prongs of the upturned fork. The sharp prongs of the fork sunk six or eight inches in his side.

Payne is still alive but there is no probability of his recovery.

Swallowed Brass Pins.

Cloyd's Landing, Ky., Aug. 26.—Edwin Earl Gray, the little 6-year-old son of S. G. Gray, of Marrowbone, this county, swallowed two brass pins and as a result is in a very serious condition. Several operations have been performed in an attempt to locate and remove the pins and one of them was found in the lower part of the bowels and removed but the other one has not been located. The recovery of the child seems very doubtful.

One Left to Be Tried Again.

Frankfort, Ky., Aug. 26.—Court left, who is serving a life term for the murder of J. B. Marcum is to be taken from the penitentiary and tried for the murder of Nim Cockrell. His first trial for this resulted in a death penalty. Fearful of the gallows left did not appeal from the verdict of life imprisonment which had been rendered at his trial for the murder of Marcum but went to the penitentiary. Later the court of appeals reversed the Cockrell case and left will be tried again.

Lightning Does Damage.

Hardwell, Ky., Aug. 26.—During a violent electrical storm a bolt of lightning struck the residence of L. B. Owens at Arlington, tearing way one corner of the building. The Cumberland Telephone company's plant there was crippled by the bolt.

To Prevent Increase.

Henderson, Ky., Aug. 26.—Dr. T. W. Taylor, a prominent physician, filed suit in the circuit court here,

asking an injunction against the Knights of Honor to prevent an increase from \$8 to \$15 per month on a benefit certificate, taking effect September 1. He says he joined the order at the age of 54 years. He has been a member 27 years. He has paid assessments in excess of the value of his certificate, and claims the effect of the new rate would be to virtually condense the policy.

Shot to Death.

London, Ky., Aug. 26.—George Farris, of Grays, Knox county married, with three children, was shot through the breast and killed by an unknown person near the fair grounds. Farris and several friends had been up all night. They were at tending Laurel county fair in session here.

Disappointment For Hopkinsville.

Hopkinsville, Ky., Aug. 26.—The American Snuff company opened bids in New York this week for the construction of its factory in this city, and has announced that the factory will not be built at least this season. A lot has been purchased, and it was understood that a big \$50,000 factory would be put up.

Death in Graves.

Mayfield, Ky., Aug. 26.—Charles S. Wilkins, son of J. A. Wilkins, died at his home near Kansas, of heart trouble. He was thirty years old.

Politicians Here Last Night.

Several district politicians were at the Palmer last night. Among them were: Hon. Conn. Linn, Murray, democratic nominee for state senator in the second district; Hon. Zeb A. Stewart, democratic nominee for representative of Callaway county, J. D. Keys, of Murray; Editor E. P. 1900 lips, of Murray; Attorney Gas Thom as and Joe Warren, of Sayfield.

Fulton, Ky., Feb. 21, 1905.

During my illness Dr. W. W. Gouley prescribed Uncompogary, my throat being too sore to swallow capsules and bitter quinine being impracticable. Uncompogary reduced the extremely high fever in four days, and proved far more satisfactory in every way than bitter quinine.

GUY FREEMAN.

The above Uncompogary is tasteless quinine in powder form 25c bottle. Smith and Nagel special agents in Paducah.

WERE "SEASICK."
Paducah excursionists have dis-
agreeable time on Whiteback.
Several Chicago excursionists who left Paducah Tuesday returned home this morning and several report very pleasant times.
Mr. J. S. Jackson, was aboard a

whiteback steamer en route to Milwaukee on Lake Michigan and started out of 2,000 passengers and there were about 50 Paducahans on board and the majority fell a victim to the rolling motion of the boat and the trip was anything but enjoyable. Mr. Jackson will be content to remain in Old Paducah hereafter.

The Return of SHERLOCK HOLMES

By A. CONAN DOYLE

Author of "The Adventures of Sherlock Holmes" and "The Hound of the Baskervilles," "The Sign of the Four," "A Study in Scarlet," etc.

ILLUSTRATED BY F. D. STEEL

The Adventure of the Missing Three-Quarter

No. 11 of the Series

(Continued from yesterday.)

"We have only to find to whom that telegram is addressed," I suggested. "Exactly, my dear Watson. Your reflection, though profound, had already crossed my mind. But I dare say it may have come to your notice that if you walk into a postoffice and demand to see the counterfoil of another man's message there may be some disinclination on the part of the officials to oblige you. There is so much red tape in these matters. However, I have no doubt that with a little delicacy and these two end may be attained. Meanwhile, I should like in your presence, Mr. Watson, to go through these papers which have been left upon the table."

"There were a number of letters, bills and notices, which Holmes turned over and examined with quick, nervous fingers and darting, penetrating eyes. "Nothing here," he said at last. "By the way, I suppose your friend was a healthy young fellow—nothing unless with him?"

"Sound as a bell."

"Have you ever known him ill?"

"Not a day. I have been laid up with a back, and once he slipped his kneecap, but that was nothing."

"Perhaps he was not so strong as you suppose. I should think he may have had some secret trouble. With your assent, I will put one or two of these papers in my pocket, in case they should bear upon our future inquiry."

"One moment, one moment," cried a querulous voice, and we looked up to find a queer little old man jostling and twirling in the doorway. He was dressed in rusty black, with a very broad, fringed top hat and a large white necktie, the whole effect being that of a very rustic person or of an undernourished man. Yet, in spite of his shabby and even almost grotesque appearance, his voice had a sharp crackle and his manner a quick, incisive quality which commanded attention.

"Who are you, sir, and by what right do you touch this gentleman's papers?" he asked.

"I am a private detective, and I am endeavoring to explain his disappearance."

"Oh, you are, are you? And who instructed you, eh?"

"This gentleman, Mr. Stumton's friend, was referred to me by Scotland Yard."

"Who are you, sir?"

"I am Cyril Overton."

"Then it is you who sent me a telegram. My name is Lord Mount James. I came round so quickly as the Haywater bus would bring me. So you have instructed a detective?"

"Yes, sir."

"And are you prepared to meet the cost?"

"I have no doubt, sir, that my friend Godfrey, when we find him, will be prepared to do that."

"But if he is never found, eh? Answer me that!"

"In that case no doubt his family."

"Nothing of the sort, sir!" screamed the little man. "Don't look to me for a penny—not a penny! You understand that, Mr. Detective! I am all the family that this young man has got, and I tell you that I am not responsible. If he has any expectations it is due to the fact that I have never wasted money, and I do not propose to begin to do so now. As to those papers with which you are making so free, I may tell you that in case there should be anything of any value among them you will be held strictly to account for what you do with them."

"Very good, sir," said Sherlock Holmes. "May I ask in the meanwhile whether you have yourself any theory to account for this young man's disappearance?"

"No, sir, I have not. He is big enough and old enough to look after himself, and if he is so foolish as to lose himself I entirely refuse to accept the responsibility of hunting for him."

"I quite understand your position," said Holmes, with a mischievous twinkle in his eyes. "Perhaps you don't quite understand mine, Godfrey Stumton appears to have been a poor man. If he has been kidnapped it could not have been for anything which he himself possesses. The fame of your wealth has gone abroad, Lord Mount James, and it is certainly possible that a gang of thieves have secured your money in order to gain from him some information as to your home, your habits and your treasure."

"The fact of our unpleasant little visit, I am sure, will be his necktie."

"Heaven's sake, what an idea! I never thought of such a thing! What a man roguish there are in the world! But Godfrey is a fine lad—a staunch lad. Nothing would induce him to give his old uncle away. I'll have the plate moved over to the bank this evening in the meantime spare no pains, Mr.

Detective! I beg you to leave no stone unturned to bring him safely back. As to money, well, so far as a liver or even a tinner goes, you can always look to me."

Even in his clouded frame of mind the noble miser could give us no information which could help us, for he knew little of the private life of his nephew. Our only clue lay in the truncated telegram, and with a copy of this in his hand Holmes set forth to find a second link for his chain. We had shaken off Lord Mount-James, and Overton had gone to assist with the other members of his team over the misfortune which had befallen them.

There was a telephone office at a short distance from the hotel. We halted outside it.

"It's worth trying, Watson," said Holmes. "Of course with a warrant we could demand to see the counterfoils, but we have not reached that stage yet. I don't suppose they remember faces in a busy place. Let us venture in."

"I am sorry to trouble you," said he in his blandest manner to the young woman behind the grating; "there is some small mistake about a telegram I sent yesterday. I have had no answer, and I very much fear that I must have omitted to put my name at the end. Could you tell me if this was so?"

The young woman turned over a sheet of counterfoils.

"What o'clock was it?" she asked.

"A little after it."

"What was it to?"

Holmes put his finger to his lips and glanced at me. "The last words in it were 'for God's sake,'" he whispered confidentially. "I am very anxious at getting no answer."

The young woman separated one of the forms.

"This is it. There is no name," said she, smoothing it out upon the counter.

"Then that, of course, accounts for my getting no answer," said Holmes.

"Dear me, how very stupid of me, to be sure! Good morning, miss, and many thanks for having relieved my mind." He chuckled and rubbed his hands when we found ourselves in the street once more.

"Well? I asked."

"We progress, my dear Watson, we progress. I had seven different schemes for getting a glimpse of that telegram, but I could hardly hope to succeed the very first time."

"And what have you gained?"

"A starting point for our investigation." He halted a cab. "King's Cross station," said he.

"We have a journey, then?"

"Yes, I think we must run down to Cambridge together. All the ladies

will be there."

"In that case no doubt his family."

"Nothing of the sort, sir!" screamed the little man. "Don't look to me for a penny—not a penny! You understand that, Mr. Detective! I am all the family that this young man has got, and I tell you that I am not responsible. If he has any expectations it is due to the fact that I have never wasted money, and I do not propose to begin to do so now. As to those papers with which you are making so free, I may tell you that in case there should be anything of any value among them you will be held strictly to account for what you do with them."

"Very good, sir," said Sherlock Holmes. "May I ask in the meanwhile whether you have yourself any theory to account for this young man's disappearance?"

"No, sir, I have not. He is big enough and old enough to look after himself, and if he is so foolish as to lose himself I entirely refuse to accept the responsibility of hunting for him."

"I quite understand your position," said Holmes, with a mischievous twinkle in his eyes. "Perhaps you don't quite understand mine, Godfrey Stumton appears to have been a poor man. If he has been kidnapped it could not have been for anything which he himself possesses. The fame of your wealth has gone abroad, Lord Mount James, and it is certainly possible that a gang of thieves have secured your money in order to gain from him some information as to your home, your habits and your treasure."

"The fact of our unpleasant little visit, I am sure, will be his necktie."

"Heaven's sake, what an idea! I never thought of such a thing! What a man roguish there are in the world! But Godfrey is a fine lad—a staunch lad. Nothing would induce him to give his old uncle away. I'll have the plate moved over to the bank this evening in the meantime spare no pains, Mr.

Detective! I beg you to leave no stone unturned to bring him safely back. As to money, well, so far as a liver or even a tinner goes, you can always look to me."

Even in his clouded frame of mind the noble miser could give us no information which could help us, for he knew little of the private life of his nephew. Our only clue lay in the truncated telegram, and with a copy of this in his hand Holmes set forth to find a second link for his chain. We had shaken off Lord Mount-James, and Overton had gone to assist with the other members of his team over the misfortune which had befallen them.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong. Full of vigor and frolic the whole day long. So when mamma needs more they rush off in high glee. And shout to the druggist: "Please give it to me!"

Ability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.

Two sizes, 25c and 75c. All druggists.

Alvey & List and G. C. C. Kolb.

tions seem to me to point in that direction."

"Tell me," I asked, as we rattled up Gray's Inn road, "have you any suspicion yet as to the cause of the disappearance? I don't think that among all our cases I have known one where the motives are more obscure. Surely you don't really imagine that he may be kidnapped in order to give information against his wealthy uncle?"

"I confess, my dear Watson, that that does not appeal to me as a very probable explanation. It strikes me, however, as being the one which was most likely to interest that exceedingly unpleasant old person."

"It certainly did that, but what are your alternatives?"

"I could mention several. You must admit that it is curious and suggestive that this incident should occur on the eve of this important match and should involve the only man whose presence seems essential to the success of the side. It may, of course, be a coincidence, but it is interesting. Amateur sport is free from betting, but a good deal of outside betting goes on among the public, and it is possible that it might be worth some one's while to get at a player as the ruffians of the turf get at a race horse. There is one explanation. A second very obvious one is that this young man really is the heir of a great property, however modest his means may at present be, and it is not impossible that a plot to hold him for ransom might be concocted."

"These theories take no account of the telegram."

"Quite true, Watson. The telegram still remains the only solid thing with which we have to deal, and we must not permit our attention to wander away from it. It is to gain light upon the purpose of this telegram that we are now upon our way to Cambridge. The path of our investigation is at present obscure, but I shall be very much surprised if before evening we have not cleared it up or made a considerable advance along it."

It was already dark when we reached the old university city. Holmes took a cab at the station and ordered the man to drive to the house of Dr. Leslie Armstrong. A few minutes later we had stepped at a large mansion in the busiest thoroughfare. We were shown in and after a long wait were at last admitted into the consulting room, where we found the doctor seated behind his table.

(To be continued.)

HERBINE

tenders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt., M. K. and T. R. Co., Checotah, Ind. Ter., writes, April 19, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured when my druggist advised me to use Herbine. I have made me sound and well." 50c at Alvey & List, and G. C. C. Kolb's drug stores.

Passenger On Dunbar Drowned.

Clarksville, Tenn., Aug. 25.—A young man, a white passenger on the steamer Dunbar, was drowned near Dover, in the Cumberland river.

Stalls was on his way to Dover from Center Furnace, Ky., and was said to have been under the influence of whiskey. He was last seen alive Tuesday night, asleep on the coal pit of the boat, and it is thought he walked off the boat into the river while trying to return to the cabin. The body was discovered at Canton, Ky.

MUCH KENTUCKY WHISKEY REMAINS STORED IN GERMANY UNTIL NEEDED

Louisville, Ky., Aug. 25.—It is generally known that Kentucky distillers and warehousemen own warehouses in Germany in which considerably more than a million gallons of Kentucky whiskey is stored and will sometime be returned to this state. Duty to the amount of \$5,125.58 was collected at the local custom house yesterday on reimported whiskey, chewing gum, millinery, glue and laces. A large part of this collection was on Kentucky whiskey, which has been stored in Germany.

About 3,500 barrels of Kentucky whiskey is now stored in the custom warehouse here, consigned to local dealers. This whiskey has spent several years in Germany. Originally distillers assigned for the reason for exporting whiskey to Germany and importing it again, that it got a peculiar sea flavor in crossing the ocean, which improved it. Many a Kentucky colonel dispensed this fact on the basis that Kentucky whiskey cannot be improved after it is properly aged.

The real reason, however, for storing whiskey in Germany is to save money, although there may be the contributing reason of securing a sea flavor. The national law formerly provided that whiskey must be taken out of bond inside of three years and the tax of \$1.10 a gallon must be paid on it when taken out. It also provided that if whiskey be exported such tax would not have to be paid on it at the time of the taking it out, and further that it might be reimported upon payment of

\$1.10 a gallon. The duty on imported whiskey which is not made in America is \$2.25.

Many distillers and warehousemen found it cheaper to export the whiskey and import it later than to borrow the money for internal revenue taxes. An enormous quantity of whiskey was then sent abroad, and as Germany is the only country which will admit it without payment of a duty, it was sent there. Both Mexico and Canada impose a heavy duty. The distillers figure that the cost of transportation both ways was cheaper than the interest on the money with which they would have to pay taxes at the time. They could keep the whiskey stored in Germany many years, or as long as they wanted to and bring it back in small quantities, so they were not put to the embarrassment of borrowing very large amounts of money for taxes. Congress has since passed a law allowing whiskey to remain in government warehouses eight years before the internal revenue taxes are paid.

Distillers exporting whiskey with the intention of reimporting the same product must be careful of their receipts, as they must prove that the whiskey imported is identical the same as that exported, and in addition to the proof, which they must furnish on this side of the ocean, similar proof must be secured from the American consul in Germany.

FINGER BITTEN OFF

MADE VASSEUR HAS LIVERY EXPERIENCE WITH A MULE.

Had to Kick Its Shins to Get Loose—Alderman Bell's Son Loses Finger Joint.

"Habe" Vasseur had the thumb of his left hand bitten off by a mule yesterday afternoon on the Glp Husbands farm, near the Benton road, the "amputation" being complete.

Vasseur had purchased the mule from Mr. Frank Smalley and had pastured it. He went out yesterday to catch it and when he succeeded, he started to lead the bit in its month, the animal came down with its jaws and caught the thumb.

The mule did not open its mouth until Vasseur kicked it several times on the legs. It then attempted to kick him. Vasseur was forced to walk two miles with his bleeding finger for a doctor. D. S. J. T. Troutman and Carl Sears dressed the injury, the amputation being at the first joint. Vasseur says he has been handling mules for twenty years, and it was the first time one ever bit him.

Mr. Clyde Bell, son of Alderman E. Bell, who runs a mill in Meacham, yesterday afternoon and lost one joint of a finger.

He was working at a spoke lathe when his right hand was drawn into the machine. The forefinger was taken off at the first joint. The injury was dressed by Dr. J. S. Troutman.

Through Colorado and Utah.

The Denver and Rio Grande, with its numerous branches penetrating the Rockies, have two distinct and separate lines across the mountains. Tickets reading via "The Scenic Line of the World" between Denver and Salt Lake City or Ogden, are available either via the main line through Leadville Canon of the Grand River and Glenwood Springs or via the line over Marshall Pass and through the Black Canon of the Gunnison. Tourists to and from Salt Lake City, Ogden or San Francisco, will find it to their advantage to have their tickets read in both directions via this route, thus being able to use one of the above lines going and the other returning. Write S. K. Hooper, G. P. and T. A., Denver, Cal., for illustrated pamphlets.

Horse Show at Pembroke.

Hopkinsville, Ky., Aug. 25.—Pembroke is holding a horse show this week, and today is the second day of the show. The Dark Tobacco Association is holding a big rally, with a great crowd present. Speeches will be made by Congressman Stanley, the Hon. Joseph P. Washington and other prominent men.

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, write:

"We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years. It always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c and \$1.00 at Alvey & List, and G. C. C. Kolb's drug stores.

Big Storm Brewing.

Norfolk, Va., Aug. 26.—What appears to be the worst ocean storm of the year is brewing on the Atlantic coast. It threatens to be dangerous from Hatteras coast down. All vessels at sea are hastening into Hampton Roads for harbor.

Cures Schick.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c and \$1.00 at Alvey & List, and G. C. C. Kolb's drug stores.

THE CRACK THIRD WORK LIKE TROJANS

(Continued from First page.)

Hindman, commander of the First regiment, yesterday afternoon, which shows their admiration for Paducah and its people:

"Louisville, Ky., Aug. 25, '05.
"Gen. Percy Haly,
"Adj.-Gen. Camp Yeiser,
"Paducah, Ky.

"Regiment arrived without casualty of any kind, on schedule time and marched through city to armory, where promptly disbanded with three cheers for the governor. Everybody enthusiastic over the encampment and sorry to get back home.

"BISCOE HINDMAN,
"Colonel First Infantry,
"Commanding."

A Dramatic Incident.

Says the Louisville Post:
Colonel Noel Gaines, inspector general of the Kentucky state guard, and Captain Neville S. Bullitt, the last of the anti-Hindman leaders to remain in the regiment, shook hands last night just before the troops struck camp to return to Louisville, and the sentiment of the regiment now is that a basis of harmony has been established between Col. Hindman and the officers who opposed him during the conflicts of last winter.

The action taken by Col. Gaines to bridge the chasm was dramatic. Not only had Capt. Gaines strongly opposed Col. Hindman, but he had questioned the authority of Col. Gaines to hold the election which resulted in Hindman's victory. After a clash between the two in company A's room at the armory, Colonel Gaines had ordered Captain Bullitt and his two lieutenants, Val W. Wilson and John J. Davis, under arrest.

Therefore something of a sensation was caused at regimental headquarters last night, when Col. Gaines stepped forward and addressed the assembled officers. He began by telling them that the department at Frankfort was highly pleased with the way they handled their men and the results they had obtained. Then he continued:

"We want perfect harmony in the First Kentucky. I shall do everything in my power to bring it about."

state of E. W. Ray, regimental sergeant-major, Battalion Sergeant-Major Brick Southworth has been promoted to succeed him. Sergeant-Major Ray is a well-qualified soldier for the honor.

Col. Jett Henry has changed the daily routine slightly from that conducted by the Second and First regiments. His routine as published this morning is as follows:

General orders No. 2.
The following hours for service and other calls are established:
Reveille, 5:30
Assembly, 5:45
School of the soldier, fifteen minutes
Breakfast, 6:00
Sick, 6:30
Company drill, 6:45
Assembly, 7:00
Recall, 8:00
Fatigue and inspection of quarters, 8:15
First call for guard mount, 8:30
Assembly, 8:45
Officers and noncom. school, 9:30
Recall from school, 10:30
Battalion drill, 10:45
Assembly, 10:55
Adjutant's call, 11:00
Recall, 11:50
Dinner, 12:00
First sergeant's call, 12:30
First call for parade, 5:20
Assembly, 5:30
Adjutant's call, 5:45
Supper immediately after parade.
Call to quarters, 10:00
Tattoo, 10:15
Taps, 10:30
By order of Col. Henry,
A. G. CHAPMAN,
Capt. 3rd Inf. K. S. G.

Official:
A. G. CHAPMAN,
Capt. 3rd Inf. K. S. G.
Adjutant.

ENCAMPMENT NOTES.

Col. John Walters, secretary of the Frankfort Chair company, left today for Frankfort.

M. W. Merritt, a former Paducah boy, is a private in company D, of Hopkinsville, and was an orderly at headquarters this morning.

Private R. S. Triplett, of the hospital corps, was orderly for Colonel A. T. McCormack today.

To shoot the Hotchkiss cannon is quite expensive. It costs \$1 a load and as twenty-one were fired this morning for Governor Beckham the total cost was \$21. The cannon was shot by Lieut. Choate, of battery A, Frankfort, who was assisted by three privates.

Battalion drills were commenced this morning and will be continued during the encampment of the Third. The first drill was very successful.

The weather has been cool at "Camp Yeiser" today, in fact "in shirt sleeves" was a little uncomfortable.

A number of citizens called on the governor at headquarters today. He is always glad to meet the people and extends them a hearty invitation to visit him and the camp.

As tomorrow is Sunday hundreds of people will go to "Camp Yeiser" to see the soldiers and attend the dress parade.

Lieut. D. Y. Beckham at officers' school this morning lectured on "Military Courtesy, Salutes and Ceremonies."

B. E. W. Stout is drum major of the band. City Judge Haskins, of

Owensboro, is leader. Col. Henry and Capt. Chapman take great pride in their band. The instruments are all new, also the uniforms. They were issued to the men about June 1 and cost the state in the neighborhood of \$2,500.

Gordon Vanrey came along with the regiment as a representative of the Owensboro Messenger.

Henry Jones, of Burlington, is sergeant to Capt. Rish, quartermaster.

Capt. Paul P. Price, company G, Burlington, officer of the day, and Lieut. Hope Gates, company C, Owensboro, officer of the guard, are experienced men and veterans of the Spanish-American war.

Gov. Beckham attended the ball game yesterday afternoon and was astonished at the fast article of ball put up by the Paducah and Vincennes teams. The governor is very fond of the national sport and never misses an opportunity to attend a good ball game.

General Haly formally inspected the camp this morning and found everything in first-class order. Tomorrow Gov. Beckham, accompanied by General Haly and Col. Henry will ride through the camp and make a general inspection of arms, clothing, tents, mess tents and the grounds.

A ball for the Third regimental officers will probably be given Wednesday night. However this is not authentic.

Col. Johnny W. Gaines, the knight of the camp, is a great boy for horses. He spends nearly all of his time bareback riding through the camp.

A large number of people from Hopkinsville, Mayfield and other nearby cities, are expected here tomorrow. Excursions will be run into the city Monday for the governor's review.

PRIEST A CAPTIVE

HELD A PRISONER BY ROBBERS AND MALTREATED.

Was Finally Forced to Sign Checks and Notes to the Amount of Two Thousand Dollars.

Cleveland, O., Aug. 25.—Attacked, robbed and forced by starvation and blackmail to sign checks for two thousand dollars, is the story told the police today by Rev. Benedict Rosinsky, pastor of a Stanislaus Polish Catholic church.

Two men and a woman are under arrest.

The priest said he was called to see an alleged sick woman, and when he arrived two men entered the room and demanded four thousand dollars. They beat him, took part of his clothing and detained him in the room without food from Thursday night until late last night, when he signed a check for a thousand, and two notes for five hundred each.

Capt. Davis Out.

Capt. Brinton H. Davis was not much hurt yesterday in the encounter with Contractor George Katterjohn, and is out today. They were fined \$3 and \$5 respectively today in police court.

Yucatan Chill Tonic
Perfectly Made IMPROVED Positive Cure
A medicine to produce results must be made right. Tasteless Chill Tonics are not and we will prove it. No two bottles of tasteless tonics have the same amount of medicine, so the dose is uncertain. At least 25 per cent. of the medicine remains in the bottle. A tasteless tonic cannot usually be returned as it wastes the stomach. More food action. They are not tasteless, as the acids dissolve the quinine producing that awful bitter taste. Then every time a dose is taken that awful shaking of the bottle. Last, the more you take the sicker you get. A medicine that overcomes all these faults is what the people and the profession are looking for. They will find it in Yucatan's Chill Tonic. One bottle is worth a dozen of the tasteless kinds. Yucatan is the only tonic that divides the material evenly out of the system. Wonderful results when used in cases of typhoid and malarial fevers. Physicians who wish to prescribe this tonic under an ethical name will receive valuable information and literature by addressing:
Price 50 cents. Sold by all dealers.
The American Pharmacal Co., Evansville, Ind.

ROBBED BENEFACTOR

YOUNG MAN FROM CARRSVILLE HAS UNUSUAL EXPERIENCE.

His Clothing and Money Taken But a Box of Pearls Was Left.

Mr. John Bridges, of Carrsville, son of Mr. Joe Bridges, the well known hotel man of that place, arrived in Paducah yesterday and experienced strenuous times during his brief stay.

He has been in the mussel shell business and had a small box of pearls in his pocket. He also had about \$12 in cash in his trousers' pocket, and being en route to Oklahoma to visit a sweetheart worth, it is said, \$50,000, was inclined to have a little fun before leaving. He insisted on a young man he met yesterday morning, remaining with him over night to "take care of him."

The clerk at the New Richmond hotel, where Bridges stopped, would not permit the man to go to Bridges' room, but he slipped in and after Bridges had gone to sleep the stranger took his pants, necktie, collar and all the change, and skipped, leaving the Carrsville man nothing but his pearls.

The theft was reported to the police who are trying to locate the young man who is alleged to have made away with the wearing apparel and money.

Bridges was able to give the police a good deal of information about the stranger, and this afternoon Officer Mike Dugan arrested a young man who gave the name of Gay Johnson, of Metropolis, Ill., at Fourth and Broad street, and Johnson is alleged to be the man wanted, and to have been fully identified by Bridges.

NEW COMMITTEEMAN.

Mr. D. W. Coons Could Not Serve, So Mr. Sol. Dreyfus Was Named.

Mr. D. W. Coons, one of the committeemen appointed by Chairman Weille to call upon the mayor and council in relation to quarantine, and health certificates, declined to serve,

Phone 291 ED. D. HANNAN 132 S. 10th.

and so notified Chairman Weille this morning. Mr. Sol. Dreyfus was appointed to fill the vacancy on the committee, and will act with the committee in this work.

Mistakes in Tobacco Report.

Washington, Aug. 25.—Secretary Wilson is awaiting the return of a woman clerk from her vacation, to ask her how she came to make some serious mistakes in multiplication which set the tobacco interest in a flurry in June. The mistakes were corrected in a report issued in July, after attention had been directed to the figures, which made the report ridiculous to the tobacco growers of the two Kentucky and Tennessee districts which have been fighting the

tobacco trust. Joseph R. Killebrew of Clarksville, Tenn., has been appointed by Secretary Wilson, a special agent on tobacco, to be a member of the board which prepares the statistics on that product. The organization is known as the dark tobacco district association. Since the organization of the association the highest made by the producers has forced the price of the lowest grade up to 3 and 4 cents. The trust has not been able to increase its prices accordingly, as it long ago put them to the highest notch consumers would pay.

We have always thought that Darwin never had to wait until an organ grinder got through playing in front of his house.
